

# OIL & GAS DISCUSSION FORUM

## KAZAN

FIELD DEVELOPMENT PLANNING,  
MONITORING & MANAGEMENT

Bashir Rameev IT Park,  
2 Spartakovskaya St., Kazan

| 21 | 22 | 23 |  
SEPTEMBER

## ABOUT THE EVENT

The **DECOM** Oil & Gas Discussion Forum unites industry professionals to address current and future challenges in Field Development Planning, Analysis, Monitoring, and Management.

It serves as an open platform for exchanging knowledge and exploring advanced technologies, scientific-industrial trends, and forward-looking solutions in oil and gas field development.

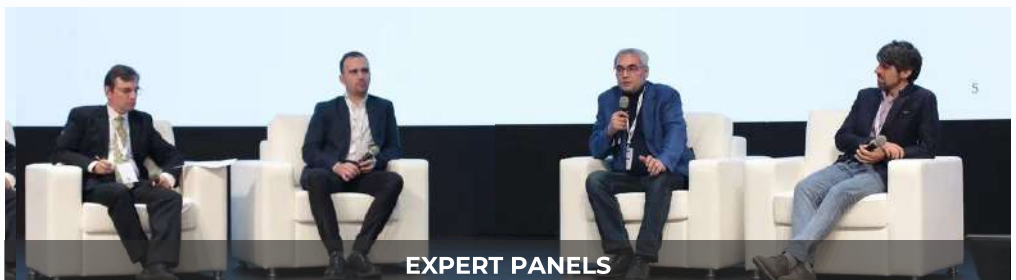

## TARGET AUDIENCE

- Asset Managers
- Reservoir Engineers
- Petroleum Physicists
- Mathematicians
- Simulation Engineers
- Well Testing Analysts
- Production Logging Specialists
- FDP Managers

## ORGANIZER

**Nafta College**, in cooperation with leading oil & gas operators, service providers and universities.

# PETROCUP

A tournament on managing the development of a digital oil and gas field based on the **PetroCup** simulator will be held throughout the Forum.

The **PetroCup** simulator is a Russian innovative software package. **PetroCup** provides an opportunity to complete a multi-year field development process virtually in just a few days: from field development to ordering surveys and performing various geological and technical activities.

Competitions are held between teams of subsurface users, oilfield service companies, research and design centers and institutes, as well as specialized universities.

INTERACTIVE PETROCUP SIMULATOR DEMO

## KEY TOPICS

### FIELD DEVELOPMENT ANALYSIS

- Fluid Modeling
- Petrophysical Modeling
- Geological Modeling
- Dynamic Modeling
- Production Analysis

### FIELD DEVELOPMENT MANAGEMENT

- Optimization of Production Targets
- Improving Reservoir Contact
- Adjusting Reservoir Contact Profile
- Expanding Reservoir Contact Area
- Optimization of Surface Facilities

### FIELD DEVELOPMENT MONITORING

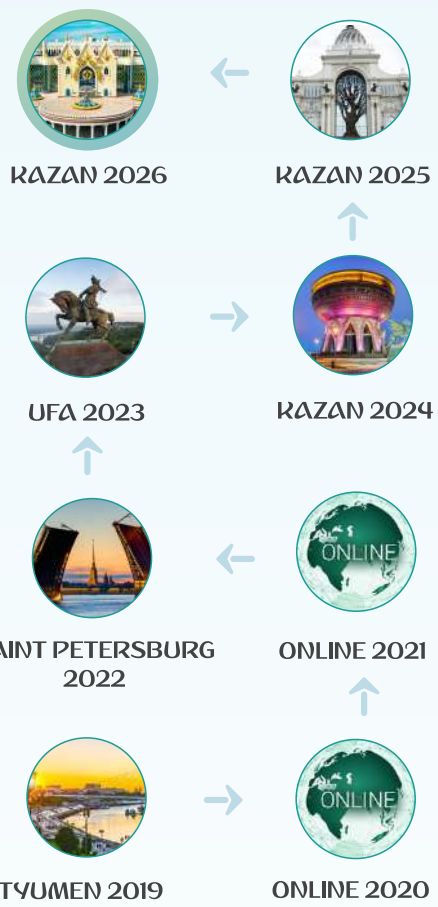

- Well Testing
- Production Logging
- Well Integrity
- Evaluation of Workover Effectiveness
- Appraisal Drilling

### FIELD DEVELOPMENT PLANNING

- Well Grid Planning
- Well Completion Planning
- Planning Production Targets
- Planning Field Development Monitoring
- Evaluation of Economics

INTERVIEWS WITH LEADING EXPERTS

## FORUM HISTORY

## DECOM-2025 HIGHLIGHTS

**623+**

**participants**  
195+ in person  
428+ online

**20**

**companies**

**3**

**universities**

**58**

**presentations**
